# Experience

## Four Brooks Farm ~ Gilder Palmer Sanctuary Inc.

### Preservation Engineering Consultant

December 2022 - Present (1 year 7 months)

[United States](#)

In my capacity at Gilder Palmer Sanctuary Inc. - Four Brooks Farm, I hold a pivotal role within the preservation team, entrusted with the oversight of conservation initiatives and ecological restoration endeavors within the sanctuary's bounds. Central to my responsibilities is the execution of comprehensive habitat assessments, aimed at discerning the health and diversity of the ecosystem. Leveraging the insights gleaned from these assessments, I craft and implement strategic land management plans that prioritize the preservation of biodiversity while ensuring the sustainable utilization of natural resources.

A cornerstone of my role involves orchestrating volunteer efforts, rallying individuals passionate about environmental stewardship to partake in hands-on conservation activities. By fostering a sense of community engagement and ownership, we collectively work towards safeguarding the sanctuary's ecological integrity and fostering a deeper appreciation for its natural splendor. Collaboration lies at the heart of my work, as I forge partnerships with esteemed environmental scientists, conservationists, and local stakeholders.

Through shared expertise and collective action, we advance the cause of sustainable land stewardship, drawing upon interdisciplinary perspectives to inform our conservation strategies and ensure their efficacy.

Beyond the sanctuary's borders, I am dedicated to cultivating a culture of environmental awareness and advocacy within the wider community. Through outreach initiatives and educational programs, I strive to ignite a sense of responsibility and reverence for nature, underscoring the imperative of conservation and environmental stewardship in safeguarding our natural heritage for future generations.

## Dynamic Partner Operations Inc.

### Chief Executive Officer

March 2022 - Present (2 years 4 months)

[Florida, United States](#)

As CEO of Dynamic Partner Operations Inc. (DPOI), my primary responsibility is to provide visionary leadership and strategic direction to steer the organization toward sustainable success and growth. I am tasked with setting the overarching vision and goals for the company, as well as developing and implementing comprehensive strategies to achieve them.

One of my key duties involves overseeing all aspects of company operations. This encompasses a wide range of responsibilities, including strategic planning, where I assess market trends, identify growth opportunities, and formulate plans to capitalize on them. Additionally, I am responsible for business development, which involves cultivating relationships with clients, partners, and stakeholders to expand DPOI's client base and revenue streams.

## EXECUTIVE AUTOMOTIVE SERVICE OF OCALA

### High-Performance Automotive Tech. & Certified Antique Vehicle

#### Restoration Specialist

March 2021 - June 2022 (1 year 4 months)

[Ocala, Florida, United States](#)

During my short time from 2020 to 2022 at Executive Automotive, I served as both a High-Performance Automotive Technician and a Certified Antique Vehicle Restoration Specialist. In this time frame, I had the privilege of leveraging my expertise in two distinct automotive realms. As a High-Performance Automotive Technician, I focused on optimizing engine performance, enhancing vehicle dynamics, and mastering advanced automotive technologies. Concurrently, in my role as a Certified Antique Vehicle Restoration Specialist, I meticulously restored vintage and classic vehicles, preserving automotive history with precision and dedication. My contributions during this period were instrumental in upholding Executive Automotive's reputation for excellence in both modern automotive innovation and timeless vehicle restoration.

## Auto Plus Pep Boys

### Lead Master Technician (A-TECH)

March 2016 - June 2019 (3 years 4 months)

[Florida, United States](#)

As a seasoned automotive professional, I had the opportunity to leverage my expertise as a Lead Master Technician across various locations within the Pep Boys organization for four years. Throughout this tenure, I embraced diverse challenges and contributed to the success of multiple service centers. In each new environment, I applied my leadership skills and technical proficiency to lead service teams, diagnose complex vehicle issues, and deliver exceptional customer service. My adaptability and versatility allowed me to seamlessly integrate into different work cultures and environments, consistently maintaining high standards of quality and efficiency. Through these experiences, I not only expanded my skill set but also fostered strong relationships with colleagues and customers across the organization, leaving a lasting impact on Pep Boys' commitment to automotive excellence.

## Firestone Complete Auto Care

### Master Technician (A-TECH)

February 2015 - March 2016 (1 year 2 months)

[Knoxville, Tennessee, United States](#)

As an A-Tech or Master Technician at Firestone Complete Auto Care, I held a pivotal role in the automotive service center, showcasing mastery in diagnosing and resolving complex mechanical issues across a diverse range of vehicles. With extensive training and experience, I adeptly performed intricate repairs and maintenance tasks, ensuring the optimal functioning and safety of our customers' vehicles. My expertise extended beyond technical proficiency; I mentored and supported junior technicians, fostering their professional growth and contributing to a collaborative team environment. Committed to delivering exceptional service, I prioritized customer satisfaction, providing clear explanations of recommended repairs and ensuring transparency throughout the service process. Through my dedication and skill, I upheld Firestone's reputation for excellence in automotive care, earning the trust and loyalty of our valued customers.
